the people behind

I send my greetings to Delhi Public School Guwahati on the occasion of the publication of the next issue of the school prospectus 2017-18.

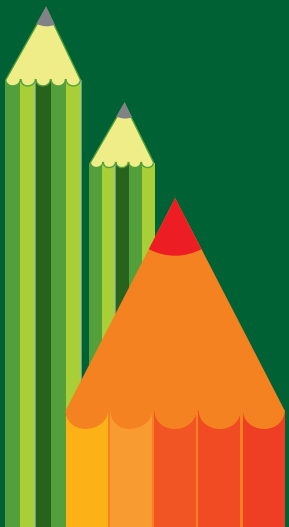

V. K. Shunglu
Chairman DPS Society

Now in its fifteenth years DPS Guwahati has proved itself much matured with its abounding success and bountiful accolades. It has stood tall in academics and has traversed miles in non academic activities as well there by establishing itself as the first choice of parents. And that is possible only by the unstinted efforts of the Principal and teachers where every teacher in DPS Guwahati helps each student through the journey of self-discovery and provides them with wings to fly to fulfill their dreams.

I send my best wishes to the Principal, Mrs. Chandralekha Rawat and her team of teachers for taking the school to greater heights.

Pramod Grover
Chairman MC DPS Guwahati and
Hony. Treasurer DPS Society

I am happy to learn that DPS Guwahati is bringing out its prospectus for the session 2018-19. On this occasion I congratulate the Principal for taking the school to such heights and wish a happy new academic year to all.

DPS Guwahati is one such school that cares for the uniqueness of each child ensuring that each of its student grows to the greatest potential. Students are the best reflections of the ethos of a school. Its success is read from the innocent smile of the tiniest child and the contented heart of the brightest one.

Prof. B. P. Khandelwal

Vice Chairman MC DPS Guwahati
and Member DPS Society

A new session always inspires one to look back, to introspect and to relive the glorious past and thereafter improve upon the culture for the betterment of the students. I feel contented when I reminisce about those years when DPS Guwahati was a fledgling trying to soar higher. Today the sky is the limit for the school.

To perceive things better, we need to culture the behaviour, the attitude and the ability of our young generation. DPS Guwahati enriches all areas of the lives of the Dipsites, immediately impacting their studies and preparing them for the challenges in their future professional as well as personal lives. During their course of education in DPS, pupils fully develop their abilities to learn the new, unlearn the wrong and relearn to progress and recognize their true potential and strengthen their ability to adapt to and change, only to have flourishing and rewarding lives – now and later. This is how the empowerment culture of DPS Guwahati prepares the young minds.

With another new session added to its brilliant existence, I welcome the new members to the DPS Guwahati family

My daughter Annweshha joined DPS Guwahati in the year 2007 and today she is in Class XII waiting to write her Board exams. Over the past ten years, I have noticed that DPS Guwahati has slowly but steadily developed into an apex institution of learning at Guwahati, which not only has excellent infrastructural facilities for the physical and mental development of the students but the school also pursues a modern academic curriculum, imparting education by using advanced scientific techniques of teaching while maintaining a high standard of discipline. This would not have been possible without the visionary approach of the school management and the untiring efforts of a dynamic Principal like Mrs. Chandralekha Rawat leading the team of dedicated faculty members. I am glad that both my children are receiving quality education at the DPS Guwahati. I hope and trust that the high standard set by the school will be maintained in the future as well.

DPS Guwahati is one of the most prestigious educational institutions of our region. It's vision is to cater to the need of education for global citizens with a focus on Indian cultural ethos has made DPS unique and praiseworthy.

Dedicated teachers nurture the students in their intellectual, social, physical, emotional and ethical development. With main focus on academics the students are introduced to various extra-curricular activities & sports which are so relevant at present.

The excellent infrastructure and the proper maintenance of the school campus provides a clean and comfortable environment which is so much necessary for the children.

The reliable school bus service is always on time.

The parent-teacher meetings are held regularly to update parents about progress made by their children and valuable suggestions are offered.

For such encouraging and supportive teachers, helpful friends and the clean and tidy environment, my son likes his school very much.

My gratitudes are with everyone involved and wish DPS Guwahati will progress even more in years to come.

DPS Guwahati while having a state of the art infrastructure in North East India and also is one of the leading schools in Eastern Zone.

The community living experience in DPS Guwahati as a hosteller has taught my child values of life and to be tolerant towards others. The quality of co-curricular activities and the experience for my wards has been wholesome as students here are exposed to multiple learning opportunities that make them responsible and independent. The values that my child has inculcated as a student of DPS Guwahati will go a long way in shaping him to be the person, every parent desires.

The vision of the school management and the never ending zeal of the school community under the stewardship of the Principal, Mrs Chandralekha Rawat has enabled the school to scale new heights. A leadership of this calibre is a rarity in North Eastern India and I, as a parent, am content that my child is under the supervision of the administration.

I extend my best wishes to the school administration for yet another successful academic year and to bring out the prospectus 2018-19.

I have simply studied in the best school I could have. Delhi Public School Guwahati has been more than a school for me for the last ten years, a place not only for learning, but also of experiencing life the way it should be. I have been taught duty and discipline in the most liberal, rational, and enjoyable of environments; with loving care and patience. I have learnt to bow in respect, and not in fear; I have been instilled with the principles of hard work and honesty. DPS Guwahati has prepared me to face life; I give it my respect, my love and my lifelong loyalty.

For me, DPS Guwahati played a pivotal role in moulding me into what I'm today. My first day in school was at the middle of the session and the new girl was nervous of course. Seeing the huge school with thousands of unfamiliar faces, I wondered if I'd be able to shine out. But 5 years on I've learnt that in DPS Guwahati, every student is special. The love and care of my teachers have made me a better human being and I'm glad that I joined this school. From being a part of the student council to the MUN circuit, representing the school in various competitions to decorating house-boards, from making new friends to gaining wisdom from my ever helping teachers, this school has given me so much to cherish for the rest of my life. Thank you, DPS.

“Give a man a fish you feed him for a day; teach a man to fish and you feed him for a lifetime”

Journeys can be fun and enriching, at times horribly tiresome and at other times totally enlightening. It does not matter, if the journey is a short one or a long one. What matters at the end of the day or more plainly speaking at the end of the journey is what we have experienced, learnt and achieved during that particular voyage. I joined DPS Hostel in class 5 and cried for weeks not willing to stay in this hostel, but this hostel has been my home away from home ever since. It has been an exceptional journey with a couple of ups and downs and perhaps rightly so because these ups and downs have not only developed me as a person but in the process I also learnt to be more independent. Looking back, I realized that this institution has given me so much. Through the opportunities I was presented I found my passion and also my areas of interests. Taking part in the numerous activities, be it co-curricular or sports I got to know a few of my strengths and weaknesses and needless to say that I'll work to improve further. This journey has given me a lot of memories some beautiful, some not so much; but memories nonetheless, and no matter where I go, I'll always cherish them. Teachers and friends have been my family here in hostel and growing up with them has been a privilege. I have learnt so much and especially my teachers; I'll always be indebted to them for all they have done for me. As I pen my thoughts I realise that my time in this wonderful hostel is coming to an end. Not long ago I was enjoying and playing around with my friends care free, oblivious to the fact that in a few months time I'll be out on my own facing the challenges of the world outside this school and without the caring and loving guidance of my teachers and peers. But I'm also confident that I will not have problems facing those challenges because the school and hostel have provided me the knowledge and skills necessary to take on those challenges. My journey in this hostel has been a sublime one which I will never forget.

Months from now, my journey as a dipsite will draw to its close. Lately, it has been on more occasions than one that I've found myself looking back, reflecting on the decade I've spent here exploring, discovering, and evolving. While its imposing physical presence infallibly awes, it is the humility within its magnificent walls that truly fills me with respect for the institute. All doors are open here. Communication between students and the administration is not just allowed but encouraged. The dedication with which teachers engage with pupils here encourages the learners to view each discipline with curiosity instead of fear. Emphasis on an all-round development through inclusion of athletic, cultural and literary activities in their everyday routine helps dipsites discover their strengths beyond academics. While the ten years I've spent in this enriching environment has enhanced my knowledge and awareness of the world around on the one hand, it has deepened my understanding of my strengths and weaknesses on the other. Owing to this, I find myself nearing the threshold of a new phase in my academic life, with confidence more than uncertainty.
